

VOLVO

245/265

In this brochure the benefits of the famous Volvo Estate cars will be fully explained. Details of the quality, comfort, safety and reliability of Volvo will be found in the "Volvo 244" and "Volvo 264/262" brochures.

Volvo Estate cars are world leaders. They have all the renowned Volvo virtues plus many of the refinements of the Volvo saloons but they are purpose-built estates. Five seats, 42 cu. ft. of space behind the rear seat, over 70 cu. ft. with the rear seat down, 6 ft. plus cargo area,

over 2 cu. ft. of concealed under-floor storage, easy access and loading through rear door, attachment points for fastening down goods, 30 cwt. towing capacity, tight 32' 2" turning circle, high ground clearance, rear wiper/washer system.

Five models make up the 200 series estate car range: the 245DL, 245GL, 245GLE, 265GL and 265GLE.

Each of the five Volvo Estate cars can carry five people and all their luggage in comfort and luxury. A rearward facing child seat is also available as an accessory to convert the car into a full seven seater. When not in use this seat can be easily folded away under the floor.

For business use, the 70 cu. ft. of space with the rear seat down, can accommodate most things including a six-foot settee. The rear seat is easily lowered by two movements. The Volvo is also an ideal towing car, be it caravan, horse box, boat, or glider.

Loading a 200 Estate is very easy as the loading level is only 23" above the ground and there is no step in the way. The tail-gate opening is 3' 8" wide and the two gas struts make the rear door easy to handle and safe. Below the rear cargo area is a concealed storage space to hold valuables. The spare wheel is housed on the left hand side of the cargo area and is easily accessible. The complete cargo area is carpeted to match the seats and carpeting of the passenger area.

Owning an estate car shouldn't mean you have to give up prestige, comfort and quality. Inside any Volvo, you'll find yourself surrounded by the features normally only found on luxurious saloon cars.

Very comprehensive instrumentation. Unique, ergonomically designed Volvo seat with lumbar support, the backrest infinitely adjustable down to a fully reclined position. Electrical heating of driver's seat, extremely efficient through-flow heating and ventilation (air conditioning is standard on the 265GLE), outside mirrors that can be adjusted from inside (electrically operated on the 265GLE), wiper/washer for windscreen, headlights and rear window, rear foglight - to mention just a few.

We have even included - for your safety - a flashing reminder lamp, front and rear, for safety belts - and, for your convenience, a buzzer which warns you if you're about to leave the car with the lights on, or with the key still in the ignition.

Anyway you look at it, Volvo offers you the comfort you need - adjustable to your personal requirements.

THE VOLVO ESTATE CAR RANGE

Volvo 245DL

2.1 litre carburettor engine developing 107 hp (DIN), 4-speed manual gearbox or 3-speed automatic, cloth upholstery, pile carpeting, halogen headlights, rev counter, headlight wiper/washers, superb heating and ventilation, day-running lights, heated driver's seat.

Volvo 245GL

The new 245GL has a 2.1 litre carburettor engine; high specification includes metallic paint, overdrive on 4th gear for additional fuel economy, tinted glass.

Volvo 245GLE

High performance B21E fuel injected engine with transistorised ignition, developing 123 hp (DIN), leather upholstery. Central armrest on rear seat. Intermittent rear wipe facility. Electric windows (front).

Volvo 265GL

The 260 estates are unique, with exceptionally high standards of luxury. 2.7 litre fuel injected engine developing 148 hp (DIN), power steering, leather upholstery, metallic paint, tinted windows, central locking system, centre armrest on rear seat. Electric windows (front).

Volvo 265GLE

This is the ultimate choice for both business and pleasure motoring. As well as the 2.7 litre fuel-injected engine, metallic paint, power steering and tinted windows, it has air conditioning, electric windows, electrically operated door mirrors and colour-keyed interior.

Liquefied Petroleum Gas

Volvo carburettor engine cars are available with an alternative fuel system utilising Liquefied Petroleum Gas (LPG). Not only can cost-savings be made, but there is the additional security provided by a second fuel supply.

All models can be obtained with automatic transmission.

Power steering is available as an option on the 245DL and GLE.

Technical information

Cooling System

Frost-proofed and sealed. Capacity 8.3 Imp. quart (9.5 litres).

Fuel Tank

Capacity 13.2 Imp. galls (60 litres). Safety location beside rear axle.

Transmission

Manual: Diaphragm type clutch. 4 speed fully synchronized. The Volvo 245 GL/GLE, 265 GL/GLE have overdrive operating on 4th gear. Automatic transmission is also available.

Suspension

Front: Spring strut type. Rear: Live rear axle carried in longitudinal rubber mounted support arms. There are also two torque rods and an anti-roll bar.

Braking System

Triangle split dual circuit type. Each circuit acts simultaneously on both front wheels and one rear wheel. Special alloy brake piping. Disc brakes all round. Power assistance. A relief valve in each circuit prevents the rear wheels from locking prematurely in emergency braking. The brake master cylinder is of the stepped bore type. The hand brake operates independently on the separate rear wheel drums.

Instrumentation and Controls

Padded dashboard, rheostat controlled instrument lighting. Six figure mileometer, tripmeter, fuel gauge and coolant temperature gauge. Warning lamps for alternator charging, oil pressure, choke, main beam, handbrake and brake failure. Tachometer, bulb integrity sensor, audible and optical signs for turn indicators, glove box light, combined steering wheel lock and ignition switch.

Centre console houses controls for electrically heated rear window, 4 way hazard warning flashers and headlamp wiper/washers; seat belt reminder; controls for heating and ventilation; cigar lighter; ashtray; space for radio.

Other Standard Equipment

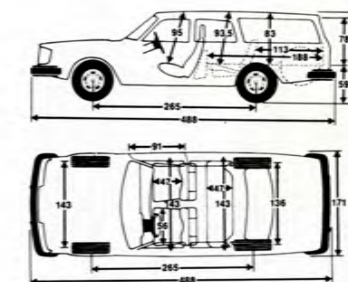

Combined lever for turn indicators, main and dipped beam and main beam flasher; combined stalk for windscreen wipers with two speeds and intermittent wipe facility, electric windscreen washers and rear window wiper/washer. Halogen headlights, automatic day-running lights, automatic reversing lights, front head restraints, rear 'fasten seat belts' reminder, inertia reel seat belts front. Two inertia reel belts and one lap belt on rear seat. Laminated windscreen. Padded sun visors. Day/night interior rear view mirror. Vanity mirror. Child-proof rear door latches. Towing points front and rear. Mudflaps. Light/ignition buzzer warning. Heated driver's seat. Tinted glass (245 GL/GLE, 265 GL/GLE): Metallic paint (245 GL/GLE, 265 GL/GLE): Air conditioning (265 GLE). Electrically operated door mirrors (265 GLE): Stereo speakers in front doors, (245 GLE, 265 GL/GLE): Electric windows front (245 GLE, 265 GL): Electric windows, front and rear (265 GLE).

Cargo area dimensions

Volume, rear seat up	42 cu. ft. (1.2m ³)
Volume, rear seat down	70 cu. ft. (2.0m ³)
Volume, concealed space	2.1 cu. ft. (59 dm ³)
Tailgate opening	45.7" (1160mm)

12 month unlimited mileage warranty.

Weights: Volvo 245: Gross weight approx.: 1950 kg.
Volvo 265: Gross weight approx.: 1950 kg.
Permissible trailer weight: 1500 kg.

The factory reserves the right to make changes at any time, without notice, to prices, colours, materials, equipment, specifications and models, and also to discontinue models.
