# INTRODUCTION

**more ways to make the car you can  
believe in, your own.**

The design and engineering excellence that make Volvo the car you can believe in makes Volvo quality accessories the safe and practical way to tailor your Volvo to your own life style.

Volvo accessories are designed to fulfill your specific driving needs and to make your driving experience more comfortable and convenient. That's why we offer you more ways than ever to personalize your Volvo. And that's why genuine Volvo accessories are built to the same high standards as every other integral part of your Volvo. To give you the outstanding level of comfort, the uncompromising concern for safety, the quality construction and the automotive value you expect from your Volvo.

This brochure will help you choose those Volvo accessories that will enhance your driving pleasure. Accessories are arranged in convenient categories for easy reference to areas of your particular interest.

To ensure your personalized Volvo continues to provide more of what you want in the way you drive, genuine Volvo Accessories are protected by Volvo's warranty. Contact your Volvo dealer for exact warranty conditions and limitations.

**Genuine Volvo Accessories...more of  
what you can believe in.**

# VOLVO AIR CONDITIONING

**Whatever the weather, a Volvo Air Conditioning System makes  
driving more of a pleasure**

*Volvo's Air Conditioning System is designed  
to be fully integrated with your Volvo's  
flow-through heating and ventilation system.  
It allows you precise, finger-tip control  
of your total driving environment.*

**Driving comfort and safety year round.**

Volvo Air Conditioning circulates cool, dehumidified air throughout your car by means of 12 strategically located outlets, to refresh and relax you and your passengers on the hottest summer days.

But Volvo's fully integrated air conditioning system does more. It works in tandem with your Volvo's ventilation and heating systems. So in winter or on damp spring mornings, it can help clear your Volvo's windows of visibility-reducing condensation quickly and easily.

Simply set your Volvo Air Conditioning System's thermostat (a) at the minimum setting and slide the heater control (b) to the right, to circulate warm, dehumidified air throughout

the passenger compartment. And your Volvo Air Conditioning ventilation system's push-button air flow control (c) allows you to recirculate 90% of the air inside the car, to help keep out noxious fumes and to recycle the air in the passenger compartment. The "floor" button (d) directs air quickly and efficiently to rear seat passengers. A four-speed fan (e) lets you adjust air flow to your needs.

**Built to be better**

A Volvo Air Conditioning System is built for years of reliable efficiency.

It's designed and specially mounted for smooth vibration-free operation and long range comfort. And it's designed to work with your Volvo's engine, not against it. Constant idle speed with the air condi-

tioning system on is maintained by a solenoid-controlled valve. This means you don't have to waste fuel by revving your engine when stopped in traffic in order to stay cool and comfortable.

Because setting the thermostat too low may result in condensation freezing on the system's evaporator coils, Volvo has integrated a special detent switch in the thermostat control. This allows you to feel, as well as see, the maximum recommended continuous cooling setting. On hot days, you can over-ride this detent for short periods to permit rapid cool down and then return the thermostat to a normal setting to maintain your comfort.

What's more, the larger capacity of Volvo's compressor and evapora-

tor coils means you can cool down the passenger compartment from 100°F (38°C) to a comfortable 75°F (24°C) in as little time as 14 minutes.

**The only air conditioning system built to Volvo's quality standards.**

A Volvo Air Conditioning System is designed and built with the same careful attention to detail and concern for quality that goes into your Volvo. Quality details like a two-belt drive system, plastic shielded hoses, and many more. We know you won't accept anything less.

And a Volvo Air Conditioning System is backed by Volvo's parts and accessories warranty (see your Volvo Dealer for terms and conditions). That's protection to keep you comfortable all year round.

# AUDIO SYSTEMS

**Sound designed for the car you drive.**

*Volvo gives you a wide choice of audio components, stereos, stereo cassette players, mono radios, high performance speakers and custom antennas. Mix and match them yourself.*

*Add a Volvo equalizer for a personalized sound.  
Or ask your authorized Volvo dealer to design and install  
a complete sound system  
balanced to your personal listening preference.*

## VOLVO IN-DASH AUDIO COMPONENT SYSTEM

This top of the line Volvo system of perfectly matched component separates gives you all the convenience of a single in-dash system and all of the sound you want for the road.

The 80 Watt (4 x 20) High Power Amplifier, mounted separately under the dash, produces 20 watts of power for each of four speaker outputs for a total power output of 80 watts. And with Total Harmonic Distortion (THD) of only .2% from 25Hz to 25,000Hz plus a signal-to-noise ratio of 65dB, you get big, clean, high fidelity playback on the street or on the highway.

The Tape Cassette Deck features a front-loading cassette player, compatible with metal tapes, locking fast forward and reverse, automatic reverse, and an automatic tape head retractor that protects your tapes when power to the unit is turned off.

The AM/FM Tuner features pushbutton tuning, electronic noise suppression for automatic muting between stations, exceptional sensitivity of 1.5 microvolts at 30dB, and a signal-to-noise ratio of 64dB. Phase Lock Loop circuitry locks into incoming signals and a "mono/stereo" switch lets you hold onto distant FM signals longer, in the monaural mode. Built-in balance/fader controls let you adjust the sound side-to-side and front-to-back.

Four power-rated 20 Watt Dual Cone Speakers (required for system) deliver clear, low-distortion sound over a wide frequency range. These new flush mounted Front Speakers and enclosed Rear Deluxe Speakers for

sedans or specially-designed, color-coordinated Rear Wagon Speakers are built for long lasting, responsive performance with the Volvo Audio Component System.

The Volvo Graphic Equalizer (available separately for this and other selected systems) allows you to contour your sound to fit your own acoustic taste. It separates the audio spectrum into five bands (50 Hz, 150 Hz, 400 Hz, 2000 Hz, 10,000 Hz) so that base,

mid-range and treble frequencies may be adjusted to give you more control of tonal quality. It features on/off switch to let you take the equalizer out of the system, a power indicator light, and it operates with a signal-to-noise ratio of 80 dB with THD of 0.05%.

## AUDIO SYSTEM PROPOSAL

For maximum listening pleasure, we recommend the following Volvo In-Dash Audio Component System:

- Component AM/FM Stereo Cassette with 80 Watt (4 x 20) Power Amplifier
- 20 Watt Front Door Speakers
- 20 Watt Rear Deluxe Speakers Or Rear Wagon Speakers
- Graphic Equalizer
- Power Antenna

# VOLVO AM/FM STEREO CASSETTE SYSTEMS

## VOLVO AM/FM STEREO CASSETTE SYSTEMS

### Top Executive Stereo/Cassette Recorder System

This Volvo audio system allows you to record and playback your favorite music from the system's AM/FM stereo tuner or to dictate while you travel or commute through an optional hand-held microphone.

The Top Executive has power to spare, 8 watts per channel through four separate amplifiers.

The integrated cassette recorder/player features locking fast forward and reverse, automatic reverse, electronic noise suppression, a Hi-C noise filter to reduce tape hiss and other high frequency noise, and automatic tape head retractor to protect your tapes if power to the unit is turned off.

The AM/FM receiver features two AM

and three FM pushbutton tuning, automatic muting between stations, automatic transition

from "stereo" to "mono" to let you hold distant stations longer, and an integral balance/fader control for side-to-side and front-to-rear sound adjustment.

Distinctive black-out dial face provides a clean, stylish appearance when the system is not in use. Optional digital frequency read out and clock fits in the instru-

ment cluster of your dash.

### Volvo AM/FM Micro-processor Stereo/Cassette

This Volvo audio system puts state of the art microprocessor computer technology at your fingertips. It includes electronic AM and FM tuning that automatically seeks and scans broadcast signals and locks in the signals for unparalleled drift-free reception. Computer memory lets you pre-select six AM and six FM stations for one-touch tuning. Its bright digital display

shows you the exact frequency and stereo reception.

The Volvo micro-processor also features

step-up/step-down tuning in increments of 200 kHz (FM) or 10 kHz (AM) for fine tuning of weak or hard to find signals. When the "step" button is held in depressed position, tuning travels up or down the frequency range until the button is released.

The integrated cassette player features auto reverse, fast forward and reverse, channel selector and tape reverse switch. Automatic tape head retractor prevents possible tape damage when power to the unit is turned off.

The Volvo Micro-processor System provides four separate speaker outputs with a maximum output of 6.5 watts per channel.

### Volvo AM/FM Stereo Cassette System

Specially designed for listening pleasure in your Volvo, this system allows you to preselect your music programming with an integrated four-track cassette player.

AM/FM Stereo Receiver features Automatic Frequency Control, electronic noise suppression, pushbutton tuning for two preselected AM and three FM stations, and a "mono/auto/stereo" selector switch that automatically shifts from stereo to mono reception to hold onto distant signals.

The cassette deck features fast forward and reverse, channel selector switch, and an automatic tape head retractor that protects your tapes when power to the unit is turned off.

Maximum output: 8 watts per channel.

## AUDIO SYSTEM PROPOSALS

For maximum listening pleasure, we recommend the following Volvo AM/FM Stereo Cassette Systems:

### TOP EXECUTIVE CASSETTE PLAYER RECORDER

- Remote Microphone
- Digital Frequency and Time Display
- 20 Watt Front Door Speakers
- 20 Watt Rear Deluxe Speakers or Rear Wagon Speakers
- Power Antenna

### AM/FM MICRO-PROCESSOR STEREO CASSETTE

- 20 Watt Front Door Speakers
- 20 Watt Rear Deluxe Speakers or Rear Wagon Speakers
- Power Antenna

### AM/FM STEREO CASSETTE

- 30 (2 x 15) Watt Power
- Booster
- Graphic Equalizer
- Fader Control
- 20 Watt Front Door Speakers
- 20 Watt Rear Deluxe Speakers or Rear Wagon Speakers
- Power Antenna

# VOLVO AM/FM STEREO SYSTEMS

## VOLVO AM/FM STEREO SYSTEMS

### AM/FM Stereo Microprocessor

The precise digital electronic tuner of this Volvo stereo system memorizes your favorite six AM and six FM stations for one-touch tuning. It features search up, search down and scan tuning to find even weak broadcast signals and lock them in for drift-free reception. Search up and down travels in increments of 200 kHz (FM) 10 kHz (AM) for fine tuning of hard to find signals. Bright digital display let you see clearly exact frequency and

stereo reception. System also features built-in side to side balance control. Maximum output: 6.5 watts per channel.

### AM/FM Stereo Receiver

This fully transistorized Volvo AM/FM Stereo Receiver features electronic noise suppression, automatic muting between stations, variable tone control, side-to-side balance control, and a mono/stereo selector. Maximum output: 8 watts RMS through 2 channels.

### Volvo AM/FM Stereo 8-Track System

If your pre-recorded music selections are on 8-track cartridges, this Volvo audio system is sure to please your ears.

Its AM/FM Stereo Receiver features Automatic Frequency Control, electronic noise suppression for automatic muting between stations, pushbutton tuning for two pre-selected AM and three FM stations, and a "mono/stereo" selector to let you switch from stereo to mono mode for listening to distant signals.

Maximum output: 7 watts per channel for each of two channels.

## AUDIO SYSTEM PROPOSAL

For maximum listening pleasure, we recommend the following Volvo AM/FM Stereo Systems

### AM/FM STEREO MICROPROCESSOR

- 30 (2 x 15) Watt Power Booster
- Fader Control
- 20 Watt Front Door Speakers
- 20 Watt Rear Deluxe Speakers or Rear Wagon Speakers
- Power Antenna

### AM/FM STEREO

- 30 (2 x 15) Watt Power Booster
- Graphic Equalizer
- Fader Control
- 20 Watt Front Door Speakers
- 20 Watt Rear Deluxe Speakers or Rear Wagon Speakers
- Power Antenna

### AM/FM STEREO 8-TRACK

- 30 (2 x 15) Watt Power Booster
- Fader Control
- 20 Watt Front Door Speakers
- 20 Watt Rear Deluxe Speakers or Rear Wagon Speakers
- Power Antenna

# VOLVO CB'S

## Remote Modular 40 Channel CB

This exclusive Volvo CB unit puts microprocessor technology in the palm of your hand, with all CB controls contained in one compact microphone.

The power module is hidden away in your trunk or under the front seat in station wagons, and the microphone can be disconnected and placed out of sight to prevent theft.

Designed to be integrated with your Volvo audio system, it uses standard, factory installed front door speakers. The unit's squelch control features automatic standby that will interrupt normal AM/FM broadcast in the left speaker when a strong or close-by CB signal is received.

The modular CB also features a large, bright digital display, up and down manual scan

buttons, automatic scan for vacant or busy channels, all channel rapid scan, five channel memory, channel 9 emergency switch, and a signal strength indicator.

## AM/FM Stereo 40 Channel CB

This integrated Stereo/CB system allows you to listen to AM, FM, or FM stereo broadcasts, transmit or receive CB signals, or, with the special stand-by switch, lis-

ten to the radio until a CB signal is received.

Other CB features include fine tuning and squelch controls, s/power meter, digital LED channel indicator and Phase Lock Loop circuitry for exceptional CB transmission reception.

Stereo power output, 7 watts per channel; CB output: 4 watts per channel.

# VOLVO RADIOS

These popular Volvo monaural radios offer fully transistorized circuitry for long trouble-

free life. Built-in disturbance filters and noise suppressors eliminate noisy interference. Both

feature pushbutton tuning and base and treble control. AM/FM radio also features Automatic

Frequency Control for signal retention.

## 30 Watt (2 x 15) Power Booster

For greater, distortion-free power from your Volvo Audio System, include this 15 Watts per channel Power Booster. Total output 30 Watts.

### Volvo Speakers

Volvo speakers have been specially designed to provide optimum frequency range and sound quality for Volvo Audio Systems inside your Volvo.

### New, Optional 20 Watt Dual Cone Front Door Speakers

These specially designed dual cone speakers fit in the inside door panels of all Volvo models to provide greater power capacity required for the Component Series systems and are recommended for systems using the Volvo Power Booster.

Rated input:

20 Watts

Frequency range:

70-12,000 Hz-3dB

## Flush Mounted Rear Speakers

These high-power, flush-fitting speakers mount on the rear shelf of all Volvo sedans.

Rated input:

15 Watts

Frequency range:

100-12,000 Hz-3dB

## 10 Watt or 20 Watt Station Wagon Rear Speakers

These high quality, color coordinated speakers mount in the rear side panels of Volvo station wagons. Available in blue, brown, beige, black and grey. (20 Watt speakers are required for the Component Series sys-

tem and are recommended for use with the Volvo Power Booster.)

Rated input:

10 Watts

Frequency response:

130-13,000 Hz-3dB

Rated input:

20 Watts

Frequency response:

70-12,000 Hz-3dB

## Combination CB AM/FM Power Antenna

This antenna provides optimum reception on both CB and AM/FM bands. It automatically retracts when the radio or ignition is turned off.

### Power Antenna

For excellent reception of AM/FM signals, this antenna automatically retracts and extends when radio or ignition is turned on or off. Standard on Coupe models.

\*Note: All power antennas for AM, AM/FM and AM/FM stereo 8 track units require a special dash mounted switch for antenna operation.

### CB Mast Antenna

Top loaded mast antenna allows for easy matching and exceptional reception of CB signals.

### Front A Post Antenna

This economical, black, telescopic antenna mounts on the left windshield pillar for excellent AM/FM and stereo reception. Standard on DL models.

# CRUISE CONTROL

**Improved highway driving economy  
and comfort at your fingertips.**

*Maintaining a constant highway speed  
improves fuel efficiency and economy  
but takes its toll in tension and  
lost driver comfort.*

*Volvo Electronic Cruise Control puts  
relaxed, comfortable highway driving  
back in your hands.*

**A fully-integrated system for easy, reliable operation.**

Volvo Cruise Control is designed for simple operation. And because it's fully integrated with your Volvo's acceleration and braking systems, you stay in complete control at all times.

All controls are built into the turn indicator/high beam wand. Accelerate to any desired speed above 30 mph and press the Set Speed switch (a). The Electronic Cruise Control takes over, permitting you to take your foot off the accelerator pedal and to

devote your attention to the road ahead.

**Safe at any speed.**

With Volvo Electronic Cruise Control, maintaining a safe, legal highway cruising speed is easy and automatic. You're more relaxed and more alert. To increase your speed while the Cruise Control is engaged, gently tap the end of the control wand to boost speed smoothly in increments of 2 miles per hour.

If you brake or accelerate, Volvo Cruise Control disengages immediately and returns your Volvo to manual oper-

ation. To re-engage the Cruise Control, accelerate to 30 mph and slide the switch to the "Resume" position (b). Hold it for a second, and Volvo Electronic Cruise Control takes over again, bringing you safely to the last set speed.

**Built to Volvo's stringent safety standards.**

The electronically controlled servo system of the Volvo Cruise Control provides maximum sensitivity, reliability and safety. Electronic sensors (c) monitor precise road speeds and adjust the throttle opening as needed.

When you disengage the Cruise Control, a special solenoid releases any remaining vacuum in the servo to assure immediate throttle release. And when you are traveling uphill or down, the Volvo Cruise Control gently accelerates or decelerates to maintain your cruising speed within 2 mph on grades up to 3 degrees.

Volvo Electronic Cruise Control is the only speed regulating device designed and approved by Volvo. And it is the only cruise control reliable enough to be part of your Volvo.

# SEATING

**Additional comfort and safety for your most valuable cargo.**

*Maximum passenger safety is the first concern of these Volvo accessories.*

*Designed for anatomically correct and comfortable seating, they offer your passengers the same unparalleled quality that's built into every standard Volvo seat.*

1

### 1. Head Restraint Cushions

These attractive, foam padded cushions offer greater comfort to your front and rear seat passengers. Color coordinated to compliment your Volvo's interior, they are available in three easy-to-maintain upholstery styles. Fabrics that brush clean, ribbed and plush velour for an elegant touch. (See color options on page 32.)

### 2. Rear Head Restraints

Give your rear seat passengers the same comfort and protection as those who ride in front.

Easy-to-clean padded vinyl, over a reinforcing steel frame, is color coordinated to complement your Volvo's interior. (See color options on page 32.)

### 3. Adjustable Armrest

Make driving more comfortable... arrive relaxed... with Volvo's adjustable, fold-away armrest. Push button convenience allows you to set six comfortable positions. Available in beige, blue, brown, grey and black.

### 4. Auxiliary Seat

Convert your five passenger Volvo wagon

into a roomy seven-seater. Seat folds down and out of sight when not in use. Comes complete with armrests, seat belts, and entry/exit handle above tailgate. Available in beige and black.

### 5. Child Guard

Constructed of shock-absorbing foam plastic with tubular steel reinforcements, this safety device prevents children from being thrown between the front seats in the event of an emergency stop. Child guard mounts securely on the back of the driver's seat which has

been specially designed for installation of this essential accessory.

### 6. Child Safety Cushion

You'll prize the peace of mind this accessory provides. The cushion lets your little passengers (over 50 lbs.) see the road ahead and ride at the proper seating height to use standard seat belts, to help prevent injury from sudden stops or surprising road hazards. The three-point seat belt system holds the cushion firmly in place. Easily removed and positioned. (Not available in Canada.)

6

# INSTRUMENTATION

**Full Volvo instrumentation helps you gauge your driving performance and efficiency.**

*Volvo gives you a choice of easy-to-read instrument gauges to help you get the most out of your Volvo.*

*Volvo in-dash instruments warn you of possible system malfunctions before it's too late to correct them and help you adjust your driving habits for maximum economy.*

**1. Tachometer—Two sizes: 80 mm and 52 mm**

Recommended for cars with standard transmission, this fully-transistorized tachometer lets you keep track of your engines rpms, to help you determine the correct, economical moment to shift gears. Adds a sporty look to your dash. Choice of 80mm size for main instrument cluster or 52mm size for center instrument console.

**2. Oil Pressure Gauge**

This gauge monitors your Volvo's oil pressure to warn against dangerous drops in pressure. It alerts you to possible

low oil levels or to potential clogged filters, loose oil lines and pump or bearing problems. (Pressure ratings expressed in BARS.)

**3. Oil Temperature Gauge**

Recommended for Volvos used to tow or carry heavy loads or driven in high temperature climates. The instrument warns of engine overheating and possible loss of engine lubrication capability.

**4. Voltmeter**

The voltmeter monitors your Volvo's electrical system, measuring voltage at the battery while the car is

in operation. Lets you spot fluctuations that can signal battery problems, excessive electrical loading or a voltage regulator malfunction.

**5. Ambient Temperature Gauge**

For cold weather driving safety, this instrument keeps you constantly aware of changes in outside air temperature at road level. It alerts you to the possibility of road icing conditions when air temperature falls below 0°C. The thermocouple sensor mounts securely under the front bumper. Standard on GLT models sold in Canada.

## DASHBOARD CONVENIENCE ACCESSORIES

### Coin Console

This handy, covered tray holds coins, tokens, or any small object you want to find quickly. Conceals change from curious eyes. Available in black, blue or brown.

### Fuel Economy Gauge

This instrument alerts you to unnecessarily high fuel consumption. Extremely valuable during acceleration and when cruising at highway speeds. Helps you adjust your driving habits to get maximum fuel efficiency from your Volvo.

### Remote Trunk Lid Lock

Conveniently located in your Volvo's glove compartment, this push-button release lets you unlock the trunk without having to leave your car. Standard on GLE and Coupé models.

# WEATHER

**Accessories to get you through any weather, safely and comfortably.**

*Hot or cold, rain or snow...  
these Volvo accessories are designed to provide  
even more protection for you,  
your passengers and your Volvo.*

## **1. Sunroof Wind Deflector**

More than just an attractive finishing touch to sunroof models, these Volvo wind deflectors cut glare and reduce wind noise. Increase open-top driving comfort. Made of durable tinted plexiglass, they compli-

ment Volvo exterior colors. Available in smoke, blue, green and brown.

## **2. Fog Lamps**

For that extra margin of vision without reflective glare, Volvo all-weather clear lens, halogen lamps cut through bad weather. Mounted below the

bumper for protection and visibility, they add a sporty touch to your Volvo's appearance. Note: Amber lenses available in Canada, only. (A complete selection of halogen driving lamps is also available in Canada only.)

### 3. Grille Cover

Specially designed for Volvo grilles, this tough insulated plastic cover protects your engine from extreme winter weather. It shortens warm-up time and helps the engine maintain a higher working temperature.

Keeps out corrosive road salt, rain and snow from engine compartment.

### 4. Battery Warmer

Protect your battery and get a warm start on a cold day with this acid resistant plastic wrap-around. The battery warmer allows your battery to work at full

cranking power. Uses normal house electric current (110V).

### 5. Limited Slip Differential

For extra traction in mud, snow or rain, or for starting on slick, icy roads, Volvo's limited slip differential is essential. When one rear wheel starts to spin, it automatically transfers power to the other side, to pull you safely through.

### 6. Intermittent Rear Wiper

For greater visibility without distraction, this Volvo rear window wiper keeps your rearward view clear of mist and drizzle.

Ideal when constant wiper action is unnecessary or disturbing. Integrated with the standard wiper wand, it controls rear window wiper to three strokes every fifteen seconds. Standard on GLE Wagons.

### 7. Side Wind Deflectors

Cut wind noise and glare, for more comfortable driving with your windows open, even when it's raining. Made of durable, tinted acrylic plastic, these wind deflectors are supplied in pairs and are available for both two door and four door models.

### 8. Rear Window Shades

These elegant, roll-out shades shield the interior of your Volvo from heat and sun damage without hampering visibility. They help your Volvo Air Conditioner cool your car more efficiently, while providing special relief from the sun for rear seat passengers.

### 9. Engine Block Heater

Take the frustration out of cold winter starting and prevent excessive battery wear, with this Volvo accessory. Fits into "freeze plug" on your engine block and uses normal electric house current (110V).

# GT SPORT AND HANDLING

**Volvo performance and safety is more than just trim deep.**

*Volvo GT accessories improve the way your car handles in hard driving conditions, as well as the way it looks standing still. And Volvo GT accessories are designed by the same safety engineers who made your Volvo the car you can believe in.*

## LIGHT ALLOY WHEELS

Precision-crafted beauty and high strength aluminum alloy are combined in these distinctive sports wheel designs. Light alloy material reduces unsprung weight to provide more responsive road handling and more comfortable riding. Open design improves air flow for faster heat dissipation and superior brake cooling. Precision machining assures wheels are true round for maximum tire life.

### 1. 14" Finned Alloy Wheel

Elegant, European styling with either small cap and chrome lug nuts or large hubcaps (shown). Standard on GLE models.

### 2. 14" GT Alloy Wheel

Used with small hubcap and chrome lug nuts for a sporty appearance.

5

### 3. 14" Deluxe Slotted Alloy Wheel

A luxurious look with a touch of sports styling. Used with large hubcap.

### 4. Wheel Trim Rings

Add a look of luxury to your standard Volvo wheels with these stainless steel trim rings. Standard on GL models.

### 5. Road Handling Kit

These front and rear stabilizer bars and heavy duty front suspension springs reduce body roll and sway on tight corners. Kit increases total stability by 35% when fitted together with Volvo gas-filled shock absorbers (sold separately).

### 6. Spoiler

This sporty accessory actually reduces drag and improves your Volvo's aerodynamic efficiency to reduce highway fuel consumption.

Spoiler also increases lateral stability and improves overall road handling. Standard on GL, GLE, GLT and Coupé models.

### 7. GT Steering Wheel

Add a GT look to your Volvo's interior with this small-diameter wheel. Covered in simulated leather for a more comfortable grip, this GT Steering Wheel improves steering response and increases driver leg room. Standard on GLT models.

### 8. GT Shift Knob and Boot

These handsome accessories add a finished look to any Volvo with a manual transmission. The shift knob is leather covered for a comfortable, non-slip grip. The GT shift boot is genuine black or beige leather. Each accessory available separately.

6

## 9. Performance Parts Catalog

Everything you need to give your Volvo a total GT appearance or to increase its engine performance and handling capabilities. Volvo offers a complete line of high performance engine, drive train, exhaust, suspension, lighting and safety equipment, designed exclusively for Volvo cars.

For a complete GT Accessories Catalog, see your Volvo dealer or write:

Building "C"  
Rockleigh, New Jersey 07647  
Price: \$3.00

# TRAVEL, TOWING & LOAD CARRYING

**Getting there is even more of a pleasure  
with these special Volvo accessories.**

*If you've got a lot to carry, Volvo takes a load off your mind.*

*These Volvo accessories make towing and load carrying  
safer and more convenient, without compromising  
your Volvo's ride. And because they're designed by Volvo, you can be sure  
you'll not only get there in style, you'll have everything with you.*

### 1. Station Wagon Roof Rack

This Volvo permanent roof rack lets you add an extra load on top. It's highly polished stainless steel rails and corrosion proof zinc supports add maintenance-free beauty to your wagon, as well. And it's six strong anchorage points are sturdy enough to carry large loads safely.

### 2. Roof Spoiler

Specially designed to improve trailer towing stability and to cut wind resistance the Volvo station wagon roof spoiler boosts highway fuel efficiency. The spoiler attaches easily to the roof by means of the Volvo roof rack, available separately.

### 3. Steel Cargo Guard

Protect your rear seat passengers from loose luggage or boxes

and keep pets safe and secure with this fold-down Volvo cargo guard. Frame is made of attractive chromium steel tubing. Guard can be quickly folded against the roof when not in use.

### 4. Load Levelling Systems

Volvo load levellers are designed to keep your Volvo level for maximum road handling stability under varying load conditions. They raise and lower the rear of your Volvo or your Volvo wagon to compensate for heavy cargo or trailer loading.

#### a. Fully Automatic Load Levelling System

A unique series of valves inside specially designed shock absorbers automatically adjusts to the load you are carrying. Complete with two shock absorbers and two

rear springs. Standard on GLE Wagons.

#### b. Semi-Automatic Load Levelling System

A special dash-mounted switch lets you control this system's compressor and air shocks to raise the rear of your Volvo when carrying heavy loads. Fits all models.

#### c. Manual Load Levelling System

Consists of special air shocks, air lines and a control gauge mounted in the trunk. Fits all models.

#### d. Spring Shocks

Heavy-duty rear shocks with auxiliary springs maintain ride height under heavy loads or when towing a trailer. Fits all models.

### 5. Trailer Hitch and Wiring Harness

Steel yoke bolts permanently to car frame

for maximum strength. Ball and draw bar assembly may be removed when not in use. Maximum recommended trailer weight 2,000 lbs. (908 kgs) and tongue load weight 200 lbs. (90 kgs).

Meets both Volvo and Federal Safety Standards.

### 6. Removable Luggage Rack

Quick action fasteners let you secure the rack firmly to your Volvo's roof gutters in just minutes. Made of durable aluminum tubing for load carrying strength and maintenance-free good looks.

The handy nylon luggage net (shown) and a nylon luggage cover (not shown) are available separately.

# CARE AND MAINTENANCE

**Protect your investment mile after mile.**

*Your Volvo is built to last.  
But its power-efficient engine, long-wearing  
interior and durable, lustrous finish  
need proper care to retain their maximum  
value over the years. Protect your Volvo with  
these genuine Volvo accessories.*

### 1. Plush Floor Mats

These luxurious, deep-pile floor mats are specially designed and matched to your original Volvo interior.

Durable synthetic pile is color fast. Mats are removable for easy shampooing or vacuuming and are held firmly in place with grommets and screw locks.

Set of four mats, front and rear, available in brown, beige, blue, red and black.

### 2. Koko Mats

Koko fiber mats lend a unique combination of exciting color and protection to your Volvo. Fiber absorbs moisture and dirt before it ruins your original interior.

Wipes clean in minutes.

Mats are held firmly

in place with exclusive grommets and screw locks. Set of four mats, front and rear, available in brown tweed, blue, beige and black.

### 3. Color Coordinated Mats

Color coordinated molded thermo-plastic mats are contoured for an exact fit and maximum protection for your original carpeting.

Raised border and waffle pattern traps dirt, water and snow. Rigid construction permits fast, easy removal for cleaning. Studded bottom surface prevents slipping.

Set of four mats, front and rear, available in blue, brown, beige and black.

### 4. Trunk Mats

Protect your trunk

and keep it clean with interlocking Volvo mat set.

Available in black and designed especially to fit sedan trunks.

### 5. Wagon Cargo Mat

Heavy-duty vinyl mat is specifically designed to fit around the wheel wells of your Volvo station wagon cargo compartment. Protects the original carpet when carrying cargo and keeps cargo area neat when rear seat is raised. Removeable for storage.

### 6. Spray and Touch-Up Paints

Keep your Volvo's finish looking new with touch-up paints for small areas and fluorocarbon-free spray paints for larger areas. Touch-up paints have a built-in ap-

plicator brush with each bottle. Both paints available in colors to match your original finish.

### 7. Maintenance Items

Your Volvo deserves the best of care. Brake Fluid,\* Cooling System Rust Preventative and Lubricant,\* Gas Line Anti-Freeze\* and Lock De-Icer are available for your Volvo's general maintenance. Specially formulated wax and polish is also available to protect and beautify your Volvo's finish.

\*Not available in Canada.

### 8. Service Manual

Easy-to-follow, step-by-step maintenance information for current and past models is contained in Volvo Service Manuals.

# COMFORT AND CONVENIENCE

**More driving values for your Volvo.**

*These Volvo accessories are designed to make driving your Volvo even more of a pleasure. And because they're made for your Volvo, they make driving safer, as well. Get a better view and a better grip on the road with these extra conveniences.*

## **1. Adjustable Reading Lamp**

For looking up an address ... checking the map ... or a little night reading, this "flexible-neck" Volvo lamp puts the light where you need it. Adjustable shade keeps the beam out of the driver's eyes and permits choice of wide coverage or a spot of high-intensity light. Mounts in any number of locations and snaps out of the way in its own unobtrusive holder.

## **2. Leather Steering Wheel**

Get a luxurious grip on driving. This generously padded steering wheel is completely covered with elegant calfskin leather to set off your Volvo's interior beautifully.

## **3. Steering Wheel Covers**

Rugged, good-looking lace-on covers keep your hands cool and dry in summer for a safer grip, warm in winter for more

comfortable driving. A sporty touch available in vinyl or black leather.

## **4. EXTERIOR REAR VIEW MIRRORS**

### **a. Manual Remote Right Side Mirror**

Expand your rear view with this Volvo door mirror. Provides

**1**

**3**

**b.**

additional rearward visibility for safer highway passing. Adjustable from inside the passenger compartment. Standard equipment on all models except 2-door and 4-door DL models, GLE and Coupé.

### **b. Electric Remote Side Mirrors**

Adjust right door mirrors with a touch of a button. Special multi-directional switches mount within easy reach of the driver. Standard equipment on GLE and Coupé models.

## **5. Power Front and Rear Windows**

There's luxury as well as convenience in Volvo's finger tip control power windows. Rocker switch control for front windows is mounted in the center dashboard console. Rear window controls mount in seat belt console, between the front seats. On/off switch in dash console prevents accidental opening of rear windows.

# SAFETY AND SECURITY

Greater protection on the road or standing still.

*These Volvo accessories are designed to protect your Volvo from theft or vandalism. Others of these accessories improve safety visibility on or off the road.*

## 1. Lockable Gas Cap

At today's prices, it pays to protect your fuel investment. Gas cap is made of bright red corrosion resistant material. Comes complete with two keys.

## 2. Locking Wheel Nuts

Attractive chrome plated steel lug nuts protect your light alloy Volvo wheels from thieves and vandals. Special wrench socket with each package of four lug nuts lets you alone

remove wheels. Replacement sockets available through a coded card enclosed in each package.

## 3. Anti-Theft Alarm

Safeguard your Volvo against forced entry.

If opened, a special horn alarm will sound off unless a key is placed in the ignition or the alarm is deactivated within 15 seconds. Protect your investment with this Volvo alarm.

## 4. Bumper Reflector Stripes

Bright, reflective stripes make your Volvo more visible to other drivers. Attractive, self-adhesive tapes, white for the front and red for the rear bumper, add a sporty look that also means greater safety.

## 5. Warning Triangle

Alert on-coming traffic to your position at the side of the road. This reflective, luminous plastic triangle sets up easily on a

built-in, sturdy four-point stand for stability in the wind. Folds neatly into a conveniently stored case.

## 6. Station Wagon Security Luggage Cover

More Security for the cargo compartment of your Volvo station wagon. This attractive vinyl cover keeps luggage and valuables safely out of sight. Cover rolls back into a special storage tube when not in use.

# PERSONAL ITEMS

Show the world you're a proud believer.

*These practical, attractive personal accessories are your way to let everyone know you own a time-honored investment. A Volvo, the car you can believe in.*

## 1. Pen and Pencil Sets

Distinctive gold filled or chrome plated writing instruments with Volvo Logo.

## 2. Key Rings

Vinyl or leather key ring with the Volvo emblem, a key ring with a two-hour timer, or a handsome pewter key ring with a 1927 Volvo medallion: for the keys to the car you can believe in.

## 3. Pocket Knife

Handsome, handy double-bladed knife with

gold plated, engraved handle.

## 4. Tape Measure

Steel Volvo pullout tape measure for do-it-yourselfers.

## 5. Cigarette Lighter

Brushed chrome, electric butane lighter with distinctive Volvo emblem.

## 6. Thermometer

Our Volvo interior car thermometer mounts easily on dash top for clear reading.

## 7. Coaster Set

Elegant leather faced

coasters illustrate historic Volvo models.

## 8. Ashtray

For den or office, functionally designed Volvo ashtray is practical yet attractive.

## 9. Volvo Mug

Handsome, white ceramic mug keeps hot drinks hot.

## 10. Necktie

This good-looking, sporty tie is woven with the Volvo Logo on navy blue polyester field.

## 11. Lapel Pin

Gold plated or silver lapel pins let the world know you're proud to be a Volvo driver.

## 12. Umbrella

An attractive full size blue umbrella with white Volvo emblem—perfect for rain and golf.

## 13. Plastic Volvo Cars

Fully assembled plastic model Volvo cars including the celebrated 1927 model gives that added touch to your home or office.

13

# CLOTHING

## 1. Sport Shirt

This casual one-button, pull-over shirt is made of cool, comfortable cotton/polyester with a discreetly handsome Volvo logo on the chest. Available in white with navy emblem or navy with white emblem.

## 2. 'Teri' Pullover

Lightweight "teri-like" material (67% cotton, 33% polyester) keeps you cool and comfortable on the go.

## 3. R Sport Sweater

You'll be a stand-out attraction in this distinctive

black V-neck sweater, made in Sweden of 100% lightweight polyester. Ribbed waistband and cuffs for a comfortable fit.

## 4. R Sport Warm-up Suit

Great on the go or lounging around, this Volvo R Sport Warm-Up is made of comfortable, absorbent cotton/polyester (75% cotton/25% polyester). Sporty top has zippered pockets and a draw-string hood. Matching bottoms comfortable fitting elastic waist and ankle bands.

## 5. R Sport Belt Buckle and Belt

Handsome brushed bronze buckle embossed with R Sport logo in relief and genuine cow hide belt.

## 6. Ski Jacket and Pants

On the slopes or on the go, this exclusive European tailored jacket with distinctive rally styling is a sure winner. Features 100% polyester insulating lining, concealed hood and full-neck padded collar, plus snow-lock cuffs, full-length

two way zipper, snapped lapel, three zippered outer pockets, left arm pen pocket and inner pocket with snap.

Matching polyester-filled, bib-style ski pants feature flared bottoms with elastic ankle bindings that form fit over ski boots.

## 7. T-shirts

The All-American look in 50/50 Cotton/Polyester. This machine washable Volvo t-shirt retains its comfortable good looks wear after wear.
