In an effort to make it easier and quicker to order labels, we have added the following list of labels as replacement parts. The list contains all the known labels for the 1978 to 1993 model years as an addition to those currently listed in the parts catalogs. Labels should be ordered through normal parts ordering procedures. The exceptions to this are FMVSS (drivers door) label, tire pressure label and dashboard VIN plate which are not listed in this bulletin and must be ordered from your Regional office using the order form supplied with Service Manager Bulletin Group 89, No: 1.

NOTES

Refer to Service Manager Bulletin Group 89 No:1, for further information.

There may be part numbers listed in this bulletin which are already no longer available at time of this bulletin publication.

Please make every effort to order only quantities needed for a specific vehicle. Supplies are limited. Past history shows a very low demand for these labels, therefore you are encouraged to not stock any of these labels. We are committed to listing labels for 800 and 900 series in the parts catalogs, specifically labels for 1994 and up.
